

A Caring Retirement Community
1257 Marywood Lane Richmond, Virginia 23229 804/741-8624

August 11, 2006

To whom it may concern:

Carlton Stiff has provided St. Mary's Woods with outstanding performance in every contract he has been awarded. In 2004, he repaired a three floor cinder block wall that had been damaged by stress cracks for around \$8,000.00. The job was done on time and he was very aware of the fact that St. Mary's Woods is a retirement community. He was kind and patient with the elderly population we serve. We would use him again when we have a concrete or brick job.

You may contact me at 741-8624 if you have any questions.

Sincerely,

Randy Scott, Administrator
