To Whom It May Concern:

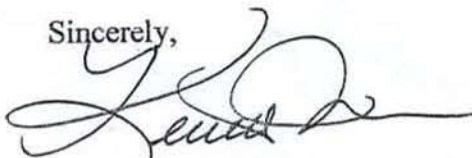

This is in response to your recent request for a letter of recommendation for Carlton R. Stiff who worked for me for one year.

Carlton R. Stiff worked for under the direct supervision of Agur Davis at Prestige Masonry for a period of one year. He was a Forman and Quality Control Manger during that period. He worked on several projects, which included Biotech (\$750,000), Maggie Walker Historic Renovation (\$1.7 mil), Henrico County Sewage Treatment (\$350,000) and Brick Pier for Oliver Hill Bust (\$25,000).

Carlton is a hard-working self-starter who invariably understands exactly what a project is all about from start to finish. Mr. Stiff is a resourceful, creative, and solution-oriented person who was frequently able to come up with new and innovative approaches to the projects. He functioned well as a team leader when required and also worked effectively as a team member under the direction of other team leaders.

In closing based on my experience working with Mr. Stiff, I would recommend him as a qualified applicant. If you would like further elaboration, feel free to call me at (804) 745-0000, ext. 215.

Sincerely,

Kenneth J. Jones  
President
